

Outreach for a Fundraising Expert Mentor

Small Projects Istanbul (SPI) is a civil society association operating a Community Center for displaced people in Fatih. The organization was founded in July 2015 and has experienced significant growth and development over the past 24 months.

SPI is currently seeking to connect with an expert who has significant fundraising experience in the NGO sector and interest in community development, and is willing to share their knowledge and skills to support the growth and development of our organisation.

Mentor candidates should ideally have experience that encompasses knowledge of:

- grant research and writing
- corporate social responsibility programs
- fundraising campaign PR practices
- fundraising event management

This mentorship position will work closely with our fundraising coordinator and communications team, to support them in strategic planning and provide oversight and support for the implementation of fundraising activities.

The time commitment for this mentor role is flexible and will be negotiated according to the mentor's availability.

This is part of the long term strategic growth and sustainability plan for the organization, we welcome interested candidates to apply to share their talents and participate in this dynamic, multicultural, friendly environment, supporting community development.

Please feel free to share this post on suitable platforms in order to help us reach candidates with this skillset.

To contact about this position, please email lauren@smallprojectsistanbul.org
